ME 509 Materials Science Seminar

Catalog Description: Seminar series covering topics in materials science; student presentations are required; one credit

PREREQUISITE: none

TEXTBOOK: none

COORDINATOR: David Cann; Rm 303D Dearborn Hall; 7-9623; cann@engr.orst.edu

GOALS: This course provides an opportunity for graduate students to learn about the on going research topics in materials science and to develop presentation skills

COURSE LEARNING OBJECTIVES:
Students must demonstrate the ability to make an effective and interesting presentation on their research area and to participate in discussions of research topics with other students and faculty

Meetings
Seminars will be held weekly for 50 minutes.

Student Evaluation:
This is a pass/fail course with attendance required for at least 6 seminars per term.

Students with Disabilities:
"Accommodations are collaborative efforts between students, faculty and Services for Students with Disabilities (SSD). Students with accommodations approved through SSD are responsible for contacting the faculty member in charge of the course prior to or during the first week of the term to discuss accommodations. Students who believe they are eligible for accommodations but who have not yet obtained approval through SSD should contact SSD immediately at 737-4098."
