Dear Selina,

The Curriculum Committee of the Department of Horticulture has reviewed your liaison request and has no issues with the proposed new capstone courses: FW 488 Problem Solving in Fisheries and Wildlife Science and FW 489 Effective Communications in Fisheries and Wildlife Science.

Best, Kelly

Anita

Dear All,

Please review and, Kelly, provide comment directly back to Selina. TY

Anita
and restricted to our majors to assure reasonable class size. These courses will **not** be required for (or available to, at this point) students seeking a minor in FW. In accordance with the liaison criteria in the Curricular Procedures Handbook, this memo serves as notification to your department of our intent to make this curricular change. Please review the enclosed/attached materials and send your comments, concern, or support to me by November 7. Your timely response is appreciated. Please note that a lack of response will be interpreted as support. Thank you for your time and input.

For access to the Cat II proposal for FW 488, go to ID = 3796

A copy of the course syllabus is attached to this email.

For access to the Cat II proposal for FW 489, go to ID = 3779

A copy of the course syllabus is attached to this email.

Regards,

Selina Heppell, Resident Instruction Committee Co-chair, Fisheries and Wildlife
